Some Event
Time, Location, Current Available seats: N/A (or full)
Another Event
Time, Location, Current Available seats: N/A (or full)

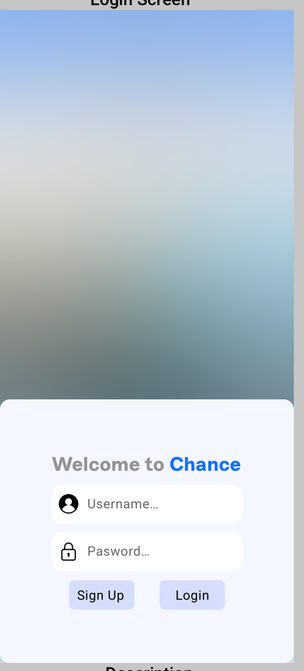
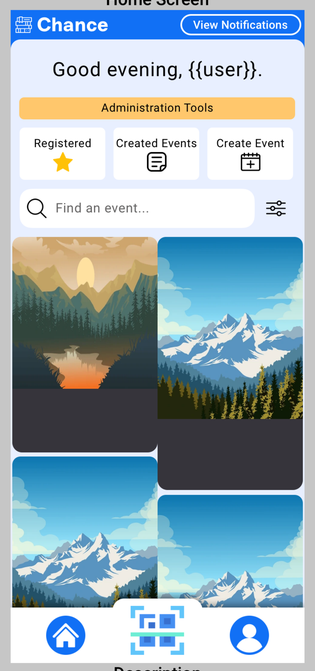
The selected event leads the admin to the event detail page where they can delete the banner.

Login Screen



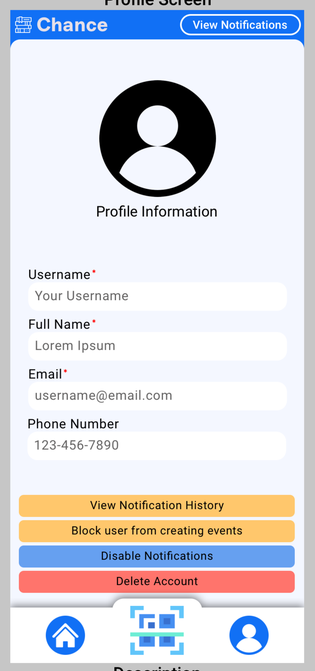
Description
This screen allows the user to enter their username and password to sign into the app. On this screen, a signup button is also available to take the user down the signup flow.

Home Screen



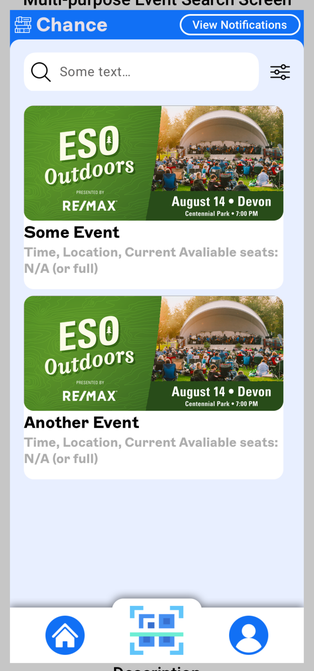
Description
This screen allows users to navigate and search for the activities. It also allows users to save preferred activities, edit owned events, and create new events. Administrator can acess administrator's tool via this screen.

Profile Screen



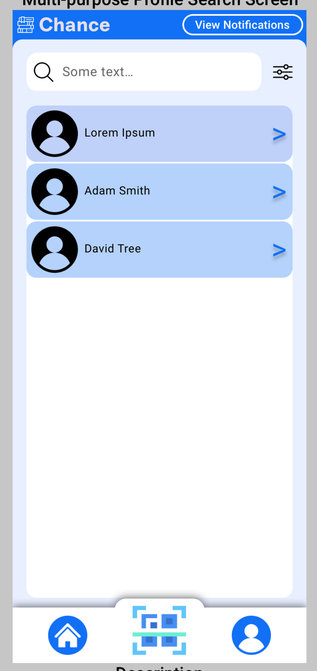
Description
This screen allows the user OR admin manage account information.
For a user:
They can change their username, full name, email, and phone number. They can also disable account notifications, or delete their account entirely.
For an administrator:
They have all the same control as the user, and they can also view the users
notification history and disable their account instead of deleting it.

Multi-purpose Event Search Screen



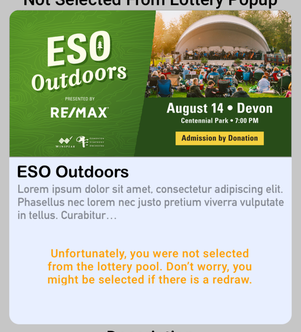
Description
This screen allows users to view and search for events. Users can see event names and their descriptions, and they can click on the event "blocks" to get information about the event.

Multi-purpose Profile Search Screen



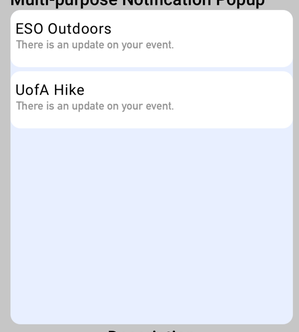
Description
This screen allows organizers to search for registered users for the activities. It also allows administrators to view all the users' accounts from this screen.

Not Selected From Lottery Popup



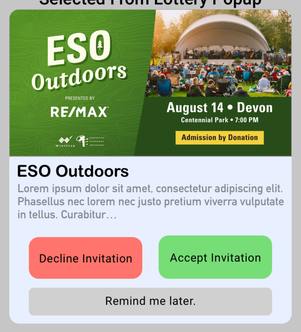
Description
This popup notifies the user that they were not selected from the lottery pool. When the popup is shown over some screen, clicking outside of the popup closes it.

Multi-purpose Notification Popup



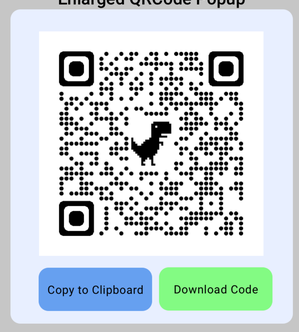
Description
This popup shows all the notifications from events received by the user. With > 5 events, the user can scroll through the notifications to view those not displayed on screen. Clicking outside of the popup closes it.

Selected From Lottery Popup



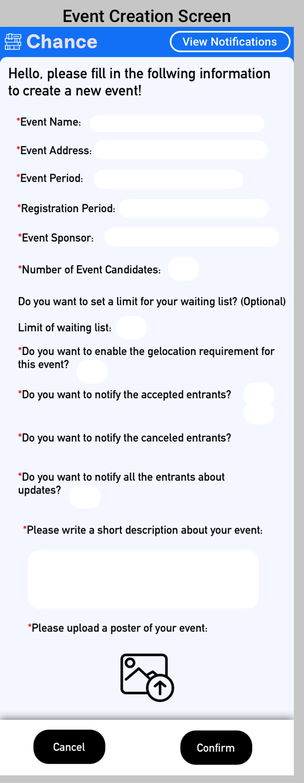
Description
This popup allows users to either decline or accept an invitation, or choose to be reminded later. The popup also provides limited details to the users so they know which activity has an update.

Enlarged QRCode Popup



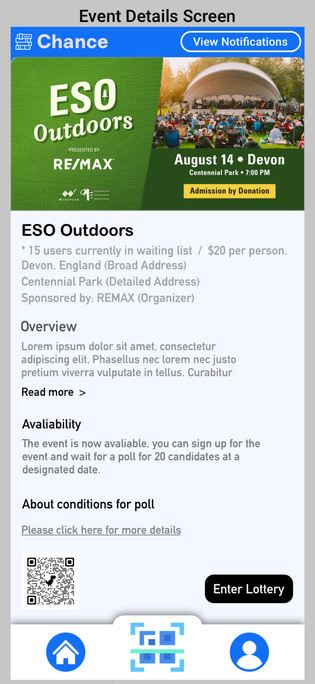
Description
This popup allows users to either copy the QR code for an activity or download the QR code.

Event Creation Screen



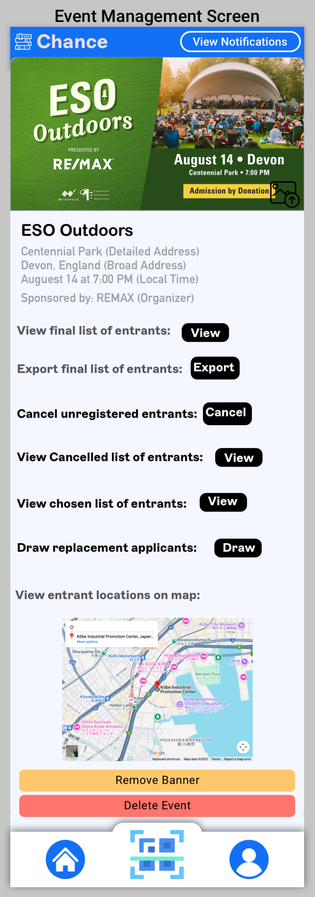
Description
This screen allows organizers to create an event. The organizers can optionally enter a limit for the waiting list.

Event Details Screen

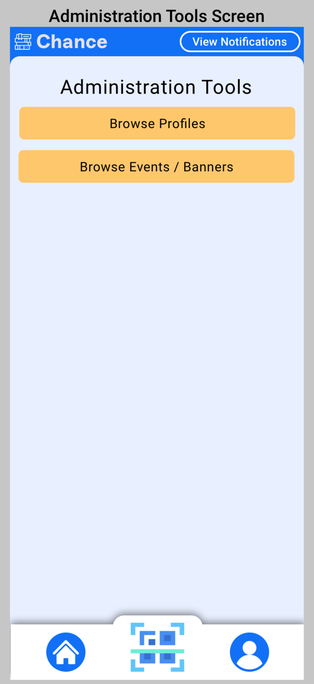


Description
This screen also viewers to see detailed information about a selected event; here they can see amount of people registered for lottery, how much event attendence costs, a detailed "overview of the event," and information related to availability slots. Clicking on the QR code opens a popup where the user can share the code with friends; click "Enter Lottery" enters the user into the events lottery.

Event Management Screen

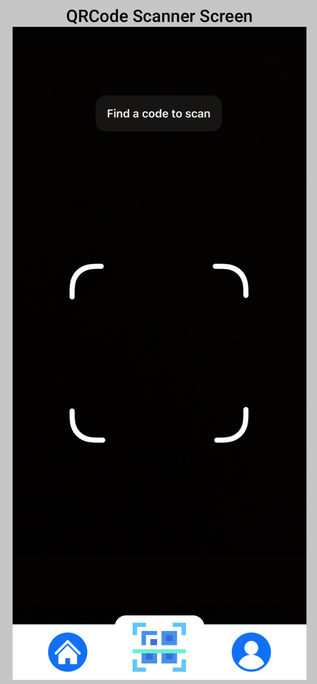


Administration Tools Screen



Description
This screen allows an admin to take administrator actions. The admin can select "Browse Profiles" to see the profile information of all users of the app, and they can select "Browse Events / Banners" to open the event search screen and find an events information to edit.

QRCode Scanner Screen



Description
This screen allows the user to scan a QR code which then redirects the user to a connected event screen.
